

Potential Recipient: Asia Foundation

Location: San Francisco, CA

Purpose: committed to the development of a peaceful, prosperous, just and open Asia-Pacific region

Request: \$23 million

Project Description: The Asia Foundation is a non-profit organization committed to the development of a peaceful, prosperous, just and open Asia-Pacific region. Through 18 offices spanning Northeast, Southeast and South Asia, the Asia Foundation supports U.S. interests through programs that build the capacity of local organizations through grants that support democracy, governance and the rule of law, economic reform and development, women's empowerment and peaceful regional relations in the Asia-Pacific region.

Potential Recipient: Civilian Stabilization Initiative

Location: Global

Purpose: responding to reconstruction and stabilization crises

Request: \$184 million

Project Description: The Civilian Stabilization Initiative (CSI) supports the Office of the Coordinator for Reconstruction and Stabilization (S/CRS) and the Civilian Response Corps (CRC). The FY 2011 request of \$184 million will allow S/CRS to continue to build and sustain a coordinated civilian capacity across eight United States Government (USG) civilian agencies for a whole-of-government response to emergent reconstruction and stabilization crises.

Potential Recipient: East-West Center

Location: Honolulu, Hawaii and Washington, D.C.

Purpose: Support for 50-year-old public diplomacy program promoting U.S.-Asia-Pacific relations and collaborative research

Request: \$23.5 million

Program Description: Established by Congress as a national public diplomacy program to promote U.S. understanding and relations with the nations of Asia and the Pacific, the East-West Center is a cost-effective tool for meeting the vital need to promote the U.S. presence, values, and interests in a region with more than half the world's population and of vast importance to the United States

Potential Recipient: Global Fund to Fight AIDS, Tuberculosis, and Malaria

Location: Global

Purpose: global health

Request: \$1,075,000,000

Project Description: The Global Fund to Fight AIDS, Tuberculosis, and Malaria is a critical multilateral vehicle to promote U.S. and international objectives in global health.

Potential Recipient: Inter-Parliamentary Union

Location: Global

Purpose: To permit the United States to rejoin the Inter-Parliamentary Union in FY2011

Request: \$1.9 Million

Project Description: The Inter-Parliamentary Union (IPU) is the world organization of national parliaments, and is the oldest parliamentary association in the world. It brings together over 150

national parliaments and the major regional parliamentary organizations to promote peace and democracy, and to establish of strong and effective legislative bodies.

Potential Recipient: Key Verification Assets Fund

Location: Undetermined

Purpose: Research, development, and acquisition of arms control, non-proliferation and disarmament verification technologies

Request: \$5 Million

Project Description: Congress authorized the Key Verification Assets Fund as part of the Arms Control and Nonproliferation Act of 1999 (Public Law 106-113) to aid the State Department in this mission, by giving State some ability to help develop or maintain critical arms control and nonproliferation verification capabilities.

Potential Recipient: Migration and Refugee Assistance

Location: Washington, DC and global

Purpose: To provide planned as well as emergency overseas assistance to refugees, internally displaced populations and vulnerable migrants; and to fund refugee admissions into the United States.

Request: \$1,715,750,000

Project Description: The Migration and Refugee Account (MRA) provides vital overseas assistance to refugees, vulnerable migrants, stateless individuals and internally displaced populations around the world.

Potential Recipient: Millennium Challenge Corporation

Location: Washington, DC

Purpose: grants to countries implementing good economic, political, and social policies

Request: \$1,279,700,000

Project Description: By providing grants to countries implementing good economic, political, and social policies, the Millennium Challenge Corporation (MCC) works to fight poverty by removing barriers to economic growth. MCC is successfully implementing 20 compacts and 21 threshold agreements focused on world-wide poverty reduction through results-driven programs built on measureable and transparent objectives.

Potential Recipient: Office for Global Women's Issues

Location: Washington, DC

Purpose: To strengthen the Administration's ability to strategically incorporate women's issues and gender equities into U.S. Government international programs and policies.

Request: \$4 Million

Project Description: The requested amount raises slightly the Administrations' request of \$3,483,000 in Diplomatic and Consular Programs. The request will cover staffing costs for 8 new positions, as requested by the Ambassador-at-Large for Global Women's Issues, and provide needed operational and travel funds required of this global functional office.

Potential Recipient: State Department Directorate of Defense Trade Controls

Location: Washington, D.C.

Purpose: Funding additional staff to process and ensure compliance with munitions export license applications

Request: \$2.5 Million

Project Description: The Directorate of Defense Trade Controls (DDTC) in the State Department's Bureau of Political-Military Affairs executes the authority provided by the Arms Export Control Act to ensure that exports of defense articles and services are compatible with U.S. foreign policy objectives.

Potential Recipient: Sudan programs

Location: Global

Purpose: Conflict mitigation and reconciliation, good governance, anti-corruption efforts, basic education, rebuilding of infrastructure, and other activities for Sudan

Request: \$330 million

Project Description: The next year will be a critical one in Sudan, with a referendum on self-determination for the South scheduled for January 2011. Whether Southern Sudan votes for independence or autonomy within a greater Sudan, it faces enormous challenges, while in Darfur, there is the opportunity to expand conflict mitigation and other activities alongside continued humanitarian assistance.

Potential Recipient: Tuberculosis funding

Location: Global

Purpose: take advantage of new advances in diagnostics and other technologies to respond to tuberculosis

Request: \$265 million

Project Description: In order to support targets included in the Tom Lantos and Henry J. Hyde United States Leadership Against HIV/AIDS, Tuberculosis, and Malaria Act of 2008, to address the accelerating crisis of drug resistant tuberculosis, and to take advantage of new advances in diagnostics and other technologies, it is recommended to fund bilateral support for tuberculosis at \$265 million.

Potential Recipient: United Nations Capital Development Fund

Location: New York

Purpose: promote microfinance and local development in Least Developed Countries

Request: \$1.5 million

Project Description: UNCDF has made significant progress in directing its programs toward greater development impact, which supports U.S. policy interest. It provides access to financing to private sector and individual entrepreneurs through "inclusive financial market" programs.

Potential Recipient: United Nations Development Programme

Location: International program

Purpose: Implement multilateral development programs worldwide

Request: \$100 Million

Project Description: The work of the U.N. Development Programme in more than 130 developing countries is work the United States has long supported and now, more than ever,

needs to encourage. The United States needs a strong multilateral development infrastructure to complement our own development experts, diplomats and soldiers, and to match our own resources with those of many other donor countries and philanthropies.

Potential Recipient: United Nations Human Settlements Program (UN HABITAT)

Location: Nairobi, Kenya

Purpose: responding to the challenges of the urban poor

Request: \$3 million

Project Description: This is the lead UN agency for responding to the challenges of the urban poor. UN HABITAT is mandated by the UN General Assembly to promote socially and environmentally sustainable urban areas that provide adequate shelter for all, and to work to ensure that those who live in urban areas have access not just to potable water and sanitation, but also to necessary health, economic, and social services.

Potential Recipient: U.S. Muslim World Exchange Program

Location: Washington, DC

Purpose: Support President Obama's global outreach to Muslim communities and help build bridges between our societies

Request: \$10 Million

Project Description: to create a new, long-term two-way exchange program between the United States and Muslim-majority countries focused on building capacity for young professionals.

Potential Recipient: Whole Village Project

Location: International program

Purpose: independent evaluations of the effectiveness of our foreign assistance programs

Request: \$3 Million

Project Description: The Whole Village Project, which is a national survey grid for measuring baselines, short-term impacts and long-term outcomes of US aid projects in rural Tanzania.
